

TCM Forklift Part

TCM Forklift Parts - In the international business of material handling, lift trucks play an important role for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity following World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread worldwide.

In nineteen forty nine, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the business is simply known as TCM Corporation. Throughout the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM started constructing forklift manufacturing locations outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With more than fifty years of accumulated technology and expertise, TCM has been proudly making several models of industrial lift trucks, making their models recognizable all over the world. With an energetic and strong staff, TCM has been able to constantly work towards becoming a future leading material handling company.
